EDUCATION

SRM Institute of Science and Technology, Tiruchirappalli 2023 – 2027

B.Tech, Computer Science Engineering (AI & ML) — CGPA: 9.1

Dalmiya Vidya Mandir, Dalmiapuram

Higher Secondary Education (Class XII) — Percentage: 74.4%

Dalmiya Vidya Mandir, Dalmiapuram

Secondary School Education (Class X) — Percentage: 91.2%

TECHNICAL SKILLS

Programming Languages: C, Java, Python

Database: MongoDB, Firebase

Tools & Platforms: Git, GitHub, Docker, Google Cloud, Oracle VirtualBox, Figma, Canva

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, DBMS, REST APIs, Problem Solving

SOFT SKILLS

Communication • Teamwork • Quick Learning • Creativity • Adaptability

INTERNSHIP EXPERIENCE

Sparkout Tech Solutions, Coimbatore

23 Jun 2025 – 30 Jun 2025

Software Development Intern

- Built and debugged real-time RESTful APIs using Node.js, improving backend response reliability for live application features. Designed and managed MongoDB database operations to support efficient data storage and retrieval.

ACADEMIC PROJECTS

Skin Lesion Classification using Vision Transformer – Academic Project

[GitHub Repository](#)

Python, PyTorch, ViT, ResNet50, OpenCV, Grad-CAM, ISIC 2019

- Developed a multi-class skin lesion classification system using Vision Transformer (ViT) and ResNet50.
- Implemented Grad-CAM and Attention Rollout for model interpretability.

Loan Approval Prediction using Explainable AI – Academic Project

[GitHub Repository](#)

Google Vertex AI, AutoML, Python, Explainable AI, GCP

- Built a loan approval prediction model using Vertex AI AutoML and financial datasets.
- Deployed the model on Google Cloud Platform for scalable inference. Utilized Explainable AI to provide transparent and interpretable predictions.

Smart Nearby Places Recommender – Personal Project

[GitHub Repository](#)

React.js, JavaScript, Leaflet.js, OpenStreetMap API

- Developed a location-based web application that recommends nearby places using real-time geolocation data. Integrated OpenStreetMap services to retrieve and render accurate location information.

HACKATHONS

- Participated in TENSOR'26 Hackathon by SRM Trichy (2026)
- Participated in Smart India Hackathon

CERTIFICATIONS

- IBM SkillsBuild – **Getting Started with Artificial Intelligence**
- Google Cloud, Coursera– **Introduction to Generative AI**
- Accenture – **Data Analytics and Visualization Job Simulation**
- Meta, Coursera – **Database Structures and Management with MySQL**
